1100 Chandler Street
P.O. Box 1281
Montgomery, Alabama 36102-1281

Dear Customers,

Welcome to our latest catalog. I hope you will find it helpful and informative. As you can tell, we are a diverse manufacturer of stock and custom filing products for the medical, legal, governmental, industrial markets.

Since 1972, we have been committed to servicing the independent distributor with quality product and service so they can meet the ever demanding needs of the market place. Whether it is a stock item that ships the same day as it is ordered or a custom item that requires a specific lead time, we pride ourselves on working with the distributor and customer to exceed expectations.

In July of 2010, we expanded our business by purchasing some of the assets of IFC in Hattiesburg, Mississippi. We continue to produce Medical Imaging items and file folders in this same facility complementing our Montgomery, AL manufacturing facility. In December of 2011, we purchased the assets of Star Filing Products in Powder Springs, GA. Star operates independent from STS and services the legal market. Most recently, we have just completed the acquisition of the Kleer-Fax Expandable Pocket division. Clearly, we are excited about this opportunity and look forward to being able to continue to improve our overall offering and make us a more complete supplier.

As you can tell, we have made a lot of additions and changes at STS in order to prepare ourselves for the future. We have one of the most diverse and broad product lines of any manufacture in the industry. I hope you will contact me or one of our sales/customer service representatives with any needs, questions, or comments. We look forward to the opportunity to earn your business today and in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "W. Johnston III", written over a horizontal line.

Watkins Johnston III
President
